Autumn Ridge

AUTUMNRIDGEHOMES.CA

This 55+ community on Golf Course Drive in Blind Bay was designed to meet the needs of a growing population of people who desire an active lifestyle free from being tied down to the responsibilities of yard maintenance and snow removal.

With several level entry house plans to choose from and designs that are both classic and modern, Autumn Ridge promises to be one of the nicest neighbourhoods in Shuswap Lake Estates.

In addition to the natural backdrop of the forest and mountains, tasteful landscaping on the common areas and individual lots will include lawn, trees, shrubs and rock work as well as benches for enjoying the peaceful setting. Autumn Ridge will be a beautifully designed retreat.

Now that several lots have sold and construction has commenced, the development has really started to take shape.

Stop by the sales office in the mall to reserve your lot before they are all gone or call **Les at 250.253.4611**.

August 1, 2018

Shuswap Lake Utilities Customers,

Please find enclosed the current quarterly invoice for the period of August, September, and October 2018. Victoria Water Rights has approved a monthly rate increase of two dollars effective June 1, 2018. Your current quarterly invoice will show the effective new rate plus an adjustment, from the previous quarterly invoice, for June and July in the amount of four dollars making the invoice total $160.00.

For those customers on our Pre-Authorized Debit agreement, we ask that you contact us or stop by the office to provide us with written authorization to increase the amount previously agreed upon to the new amount.

We apologize for any inconvenience. If you have any questions or concerns please feel free to contact the office at 250.675.2523.

Sincerely,

Shuswap Lake Utilities Ltd.

***** REMINDER * ****
WATER RESTRICTIONS ARE IN EFFECT AUGUST & SEPTEMBER

During the heat of August and September, the sprinkling of lawns and gardens is restricted to before 8:00 AM in the mornings and after 6:00 PM in the evenings.
The above is necessary so that Shuswap Lake Utilities water system can keep up with the higher demand of the summer months. It is known that sprinkling in hot weather during the daytime can actually do harm to plants by drawing the roots to the surface.
The tariff, issued by Victoria Water Rights states: A customer who contravenes water restrictions is subject to one warning notice per year. For each subsequent notice a $50.00 charge applies. This is a standard clause by Victoria Water Rights.
